RE: UNITED STATES PATENT APPLICATION

Serial No.: 10/615,827
Title: OUTBOARD ENGINE COWLING
Inventor: VIGNAU, Pierre
Filing Date: July 10, 2003
Examiner: VASUDEVA, Ajay
Art Unit: 3617
Confirmation #: 8351
Our Ref.: RP-01053-US6

Sir:

In the Notice of Allowance of May 9, 2004, the Examiner stated that copies of the majority of the documents cited in the Information Disclosure Statement submitted on April 22, 2004 were not received. However, the Applicant respectfully submits that all the documents were submitted together, and therefore should all have been received by the Office. Since the Examiner only received some of the documents, it appears that the Office either misplaced or lost in error the remaining documents.

Note that the documents in the IDS had previously been submitted on July 10, 2004, but had not been considered at the time due to a non-compliance with 37 CFR 1.98(a).

Also note that the same documents were submitted in an IDS in the parent of the present application (US Application No. 10/410,236), but have yet to be considered.

As proof of the submission, the Applicant encloses herewith a copy of the Return Receipt Postcard showing that references were enclosed in the submission and a copy of the Transmittal Form showing that the submission had 122 pages.

The entire IDS, including references, is being resubmitted herewith so that the references may be considered by the Examiner. The fee set forth in 37 CFR 1.17(p) is not enclosed since this is a resubmission of documents lost in error by the Office.

Respectfully submitted,

Jonathan D. Cutler, Reg. No. 40,576
Attorney for the Applicant
